

# HC

S E R I E S

YES, I DO WANT TO GET TO THE CHURCH ON TIME.

Cindy waited 8 years to hear the words, "Will you marry me?" The last thing she needed was an unreliable bus to make her and the wedding party late on her big day. Thankfully, the limousine company she chose cared enough to send an HC Series from IC Bus!™ We are truly honored to have played a tiny part in so many important moments like this. Because at IC Bus, we believe the only way to build a bus, is to understand what goes into one.

**NAVISTAR**

# THE HC SERIES

When it comes to getting to the church on time, our HC series is truly unlike anything else. It comes with a top-notch interior, with deluxe fabrics to choose from, state-of-the-art audio and video entertainment system, climate control and much more. Riders will cherish their special day as they arrive in style in generous, custom plush seating. With its ergonomically designed cockpit, even the driver feels like a VIP in the HC Series.

When it comes to treating your passengers to top-of-the-line luxury while never forgetting the importance of safety, the HC Series stands proud. We believe every bride deserves a ride to her big day behind tour-style frameless blackout windows, while also providing the upmost protection available. Plus, the HC series is fully backed by an extensive, experienced, and unparalleled dealer network, vowing her big day will go as smoothly as possible.
